

JOHNSON COUNTY COMMUNITY COLLEGE

Science Division

BIOL 145

Unit I

Muscles of the neck

masseter

digastric

mylohyoid

sternomastoid

cleidomastoid

sternohyoid

Muscles of the thorax

pectoantibrachialis

pectoralis major

pectoralis minor

xiphohumeralis

external oblique

internal oblique

transversus abdominis

rectus abdominis

clavotrapezius

acromiotrapezius

spinotrapezius

latissimus dorsi

levator scapulae ventralis

clavobrachialis (clavodeltoid)

acromiodeltoid

spinodeltoid

serratus ventralis

rhomboideus

rhomboideus capitis

splenius

external intercostal

internal intercostal

transversus costarum

scalenus anterior

scalenus medius

scalenus posterior

Muscles of the shoulder and forelimb

teres major

supraspinatus

infraspinatus

subscapularis

biceps brachii

brachialis

epitrochlearis

long head of triceps

lateral head of triceps

medial heads of triceps

brachioradialis

extensor carpi radialis longus

extensor carpi radialis brevis

extensor digitorum communis

extensor digitorum lateralis

extensor carpi ulnaris

flexor carpi ulnaris

palmaris longus

flexor carpi radialis

pronator teres

flexor digitorum profundus

Muscles of the hindlimb

tensor fasciae latae

gluteus medius

gluteus maximus

caudofemoralis

biceps femoris

semimembranosus

semitendinosus

sartorius

iliopsoas

pectineus

adductor longus

adductor femoris

gracilis

vastus lateralis

vastus medialis

vastus intermedius

rectus femoris

tibialis anterior

extensor digitorum longus

peroneus longus

peroneus tertius

peroneus brevis

gastrocnemius

plantaris

soleus

flexor hallucis longus

flexor digitorum longus

tibialis posterior
